DETAILED ACTION

The amendment filed 20 August 2003 has been entered.

The amendment overcomes the rejections of claims 7-10.

Allowable Subject Matter

1. Claims 7-13 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record neither shows nor suggest a plasma display panel comprised of, in part, a common sustaining electrode being disposed for a plurality of rows of the matrix display cells over a total width of a plurality of the display cells for the plurality of rows and on a different level from a level where the scanning electrode is provided, along with the other limitations of the claim.

Due to their dependency, claims 8-13 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
